

Collier County Citizens Values Political Action Committee

CANDIDATE QUESTIONNAIRE RESPONSE

Dear Mike:

Thank you for taking the time to develop the Collier County Citizens Values PAC Candidate Questionnaire. I hope my responses are helpful to the Voters. I agree that informed Voters make better decisions. My (Yes/No) responses to the Background and Policy sections of your questionnaire are attached.

It is important to keep in mind that my candidacy is due to: (1) need to minimize contention at City Hall, (2) need for easier follow-through at City Hall and (3) need for more transparency at City Hall.

I believe my independent minded position and skills developed in more than two decades of management consulting across industry, company and business functions would be beneficial to the City Council.

Thank you,
John Dugan
Candidate for Naples City Council
